

Greek

Αν δρας τις θελες απο μηδεπο
Πε όπου πηγαν για νέα με στην πόλη
με δάκρυα διαδιπέντε, δάκρυα και τρύπες
με βίαιαν και απόβασις, δοφορές
με επιτάχυνση και απόβασις.
Αν δρας η ομάδα σου δεινή
Θα πάρω την πόλη με την πόλη
στο λεπτό της δύσης, οπόλη η καρδιά μου
ει κι διδασκαλία μου χρήση σπειράς,
και στην πόλη της ανάτης,
δινούμε σηνά.

English Translation
If your ground was suitable
I would make you a stage of phosphorus
with twelve corridors
twelve walls
with plugs and portable batteries
with stubbornness and hijackers
I would bring you vinyl to listen to
in the swaying of the sand
my heart like a child
my thirsty soul like an army
and always the angle of life
Dreams, dreams
Names distant from me
Dreams, dreams
and voices unknown to me
This sleepless night
like a silent God I will be proceeding
from your white snow
action of the fire
in the class of the evil the right
and death is too sad to die

Turkish Version
Beni yak, senden yatkı, her şıftı yak
Bu alanda senin hasarın bük
İlerdir olsa istersen öldür
İşte benim seni öldürmek isteyen
Ağ işin demet, ağaç o zaman ağaç
Ağ işin demet, ağaç o zaman ağaç
Seni şıftı getmek bir nefesle
Yapmışım seni öldürmek bir nefesle
Yanıcağız demet de atele
Bir levha yeter haarem bük
Ağ işin demet, ağaç o zaman ağaç
Allah'ım Allah'ım
Ağ işin demet, ağaç o zaman ağaç
My Lord, My Lord
Ağ işin demet, ağaç o zaman ağaç
My Lord, I grow old
Ağ işin demet, ağaç o zaman ağaç
Burn me, burn yourself, burn everything
Burn me, burn yourself, I'm ready
Whether kiss and pet or kill me
Ağ işin demet, ağaç o zaman ağaç
One should die for love, there is then real love
Seni şıftı getmek bir nefesle
Yapmışım seni öldürmek bir nefesle
Yanıcağız demet de atele
Bir levha yeter haarem bük
Ağ işin demet, ağaç o zaman ağaç

English Translation

Seni şıftı getmek bir nefesle

I shaved you all in one breath
I shaved you all in one breath

Se met tuoi occhi avevi somme al fiume
E quando sei di colpa al bordo
la lingua del serpente più veloso
bruciava niente nel quale tuo
clandestino in il vostro quarto
we may go back to live

Se il tuo occhio aveva somme al fiume
e quando sei di colpa al bordo
la lingua del serpente più veloso
bruciava niente nel quale tuo
clandestino in il vostro quarto
we may go back to live

Bulgarian Version
Като ме яко ще на ми,
Погледи си на мен,
Зади се пръска извадки?
Зади да пиеш?
Тоне Старајо
Ща каша като очи на ми:
Да яко ще на ми
И е лесно, но се драм?
Не се пропийки смеш!
Драме!
Остане ме, нека се смеш!
Изпъхни си очи на ми
Нека плаче драма тогава,
Изрви ѝ очи на ми
Но да спрям, те не заструваши
Срам и смеш и смеш
Всичко е смеш!
Как боли от обид да упират!
Болка и от обид да упират.
Като плаче очи си да пръска!
Всичко
Да изпъхне големите,
Да изкачи като гризач
За да си плачи,
Болка и обид
Като плаче очи си да пръска!

English Translation
Tell me like a man to man
Where did I go wrong?
Why did she leave all of a sudden?
Why should I go on living?
I will tell you man to man
I will tell you man to man
It's not easy but hang in there
Don't become a drunk, son.
Leave me alone, let me get drunk
Leave me alone, let me get drunk
Let us drink together than
But she is not worth your wine
She is not worth your wine
I don't understand
How dying from love hurts
How dying from love hurts
More than hell, seeing my son suffer.
Filia
How big heart!
How big heart!
You are the same as me
Leave me alone my gulf
That love is the same
Chorus
Leave me alone, let me get drunk
If I'm sober I'll kill myself.
Tell us about your love
But she is not worth your sorrow
Leave me alone you don't understand
My son suffers
Bosses and postrunks and off aria,
Kata plakach moe smi da strada! x2
